Acworth, GA 30102

Subject: **State Operating Permit No. SOP-09022  
Aqua Green Utility - Peninsula  
Dandridge, Jefferson County, Tennessee**

Dear Mr. Kendall:

The Division of Water Resources (the division) has received your application for modification of the above referenced permit at the environmental field office as of 04-APR-13. We understand your intent is to include the remaining 10 lots of the development in your permit. We have reviewed the application for completeness in accordance with TDEC rule 1200-4-5-.05 (2) and find the application to be incomplete. The scope of work in the previously submitted engineering documents approved by the division is a design treatment flow rate of 0.0175 gpd with disposal on 1.62 acres for 70 lots. The processing of this application has been suspended until the following information has been submitted:

According to the modification application 10 more units will be added to the existing design capacity. Updated engineering justification and/or more land meeting design criteria will be required to serve 80 units. Content will need to meet Section 1.2.3 of the state design criteria.

You should be aware that in accordance with TDEC Rule 1200-4-5-.05 (2), your receipt of this notice does not preclude the division from later requesting additional material that subsequent to the notice of completeness is determined to be necessary for permit processing.

If you have questions, please contact the Knoxville Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Mr. Hari Akunuri at (615) 532-0650 or by E-mail at [Hari.Akunuri@tn.gov](mailto:Hari.Akunuri@tn.gov).

Sincerely,

Vojin Janjić  
Manager, Water-based Systems
